Update of Membership Register

Every December we send out an updated Membership Register reflecting the changes in Membership during the year. Any contact detail changes that Members have advised me of during the year are also included.

This is a good time for Members to check their entry in the Register and let me know (by the end of November) of any changes in address, phone number or email.

Even if you receive your Circular and other information by snail mail if you have an email address, please send it to me. This is important so we can reach Members quickly should there be an urgent need; for example, a last minute change in the arrangements for a walk or other activity. There are 17 Members who we cannot contact by email.

If you're not sure if your contact details are up to date, email me your details (wjrankin@outlook.com) and I'll make any necessary changes. Alternatively, give me a call on **0408 373 148**.

Thanks.

John Rankin – Membership Officer.

Vale Alan Thomas Hosking, 31/5/1932 – 25/09/2023

Alan passed away peacefully at Monash Clayton Hospital on 25th September 2023, with both his daughters by his side. He was a member of the Club since 1995. All his family are grieving but appreciate his tremendous contribution to the community both as a doctor, surgeon and

keen bushwalker. He will be remembered as a kind, gentle, distinguished man and we are all going to miss him greatly.

Jenny, Robert, Pam and Tim Hosking.

Alan's Funeral was held at Le Pine Mordialloc on 2nd October 2023.

A few years ago Alan, Jennifer and I were returning by car from Harold Ogilvie's funeral, and Alan started to recall who from the Club was there. Memory tells me, say 14. Alan would be amazed at the great turn-up of members at his own funeral service. I don't hazard a number, too hard to think about, for we seemed to be everywhere as we gathered after Alan had gone on his way to cross the Great Divide.

Jenny read "If" by Rudyard Kipling. Grandson Lewis spoke of family and Alan's terrible leg infection, with risk of amputation, but saved eventually with the advent of penicillin. He was also Dux of Broken Hill High School, then won a South Mine Scholarship to Sydney University and then a Medical Degree.

Married Wendy, had their family, and moved to Melbourne. Trevor told us of Alan's thirty years with the Club, his life membership, and working with others on the Club executive. His passion was to get to know lots of our members, and his winning of five Golden Boots. Marie spoke of Alan being their family doctor, also walking with the two families with Maroondah Bushwalkers, and their days skiing with them at Baw Baw and Hotham.

Alan was a regular on the First Monday Peninsular walks, and often he and I would do a shorter version of the official walk, and we enjoyed our days out together often on a beach or quiet country dirt road. This I will miss.

Denis Ward.

Who's a clever boy, then?

Farmer Ted was sitting on his verandah when a truck and trailer pulled up. Out jumped a young fella, full of beans.

"G'day mate. What can I do for you?" Ted asked.

The young chap replied, "G'day. I'm Noah, from Sydney. We're setting up a new zoo and I have the job of capturing native animals under licence. I'm up in this area to catch a few cockatoos and other birds. Do you know where I might find some?"

"Sure," said Ted. "Go back along the track for about a kilometre and you'll see a turn to your right. Go along until you see a dead tree next to a billabong. Huge mobs of cockies come in about 4 o'clock and sit up on the dead tree before having a drink."

"That's great. Thanks so much," Noah replied.

"By the way, how are you going to catch them?" Ted asked.

"I use a product called Bird Lime," Noah said. "I paint it on a branch and birds stick to it. I take what birds I need and then spray water on the branches and it neutralises the lime and the rest fly off."

"Ohhh. Good luck with that," Ted said.

So, the young fella drives off and finds the tree and billabong, and paints all the dead tree's branches. Three days later, he's back at the farmhouse.

"How did it go?" Ted asked.

Noah shook his head and replied. "Well, I found the spot like you said, and painted the lime on all the branches. Sure enough, hordes of cockies came in and settled on the dead tree. They soon found they were stuck and there was hell to pay as they tried to take off. The boss cockie let out one big screech, and they all flapped their wings and took off, pulling out the whole bloody tree and flying off with it. I've been chasing them for days!"
